CONSIDERATION OF ADOPTION OF RESOLUTION: COMMITTING GASB54 FUND BALANCE

10:14:09 AM

Present: Chairman Pamela J. Holmquist, Commissioner Calvin L. Scott, Commissioner Gary D. Krueger, Assistant Mike Pence, Finance Director Sandy Carlson, Clerk DeReu

Carlson reported GASB54 was implemented back in 2011 adopting a fund balance policy that identified certain funds as committed funds. She pointed out the funds can change and could possibly need to be updated yearly if additional funds are added.

Commissioner Krueger made a **motion** to adopt Resolution 2299A: Committing GASB54 Fund Balance. Commissioner Scott **seconded** the motion. **Aye** – Holmquist, Scott and Krueger. Motion carried unanimously

RESOLUTION NO. 2299A A RESOLUTION RE-ADOPTING FUND BALANCE CLASSIFICATION POLICY

WHEREAS, the Government Accounting Standards Board (GASB) has released Statement 54 requiring all governments to reclassify fund balance into classification; and

WHEREAS, GASB Statement 54 along with the State of Montana Department of Administration recommends local governments approve a policy that provides clearly defined categories to make the nature and extent of the constraints placed on a government's fund balance more transparent to users of financial statements; and

WHEREAS, the Flathead County Board of Commissioners prepared and adopted on June 27, 2011, by Resolution No. 2299, the Fund Balance Classification Policy that met the requirements of the accounting and auditing professionals; and

WHEREAS, the Flathead County Board of Commissioners believes that it will be a long-standing policy and should be bifurcated from Resolution No. 2299 which also includes a list of fund classifications that may change on a frequent basis.

NOW THEREFORE BE IT RESOLVED that the Flathead County Board of Commissioners re-adopt the Fund Balance Classification Policy, attached as Exhibit A and incorporated into this Resolution by reference.

DATED this 13th day of June, 2013.

I. Purpose

The objective of GASB Statement No. 54 is to improve the usefulness, including the understandability, of government fund balance information. This Statement provides more clearly defined categories to make the nature and extent of the constraints placed on a government's fund balance more transparent.

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. These classifications and the criteria for determining the correct classification for the fund balance of governmental funds are included in GASB 54. The five fund balance classifications, in order of constraint level, are Nonspendable, Restricted, Committed, Assigned, and Unassigned. Nonspendable, as discussed below, can both represent a constraint or an asset that is not spendable in form.

GASB Statement No. 54 is only applicable to the following types of funds: Governmental funds that include; General Fund, Special Revenue Funds, Debt Service Funds, Capital Project Funds and Permanent Funds. This Statement excludes the following type of funds; Proprietary Funds that includes Enterprise Funds (Business-type providing services), Internal Service Funds and Fiduciary Funds.

II. Definition

Fund balance is defined as the difference between assets and liabilities using the current financial resources measurement focus and the modified basis of accounting in a governmental fund.

Classifications

- 1. Non-spendable fund balance classification includes amounts that cannot be spent because they are either:
 - Not in spendable form, or not expected to be converted to cash, such as inventory and prepaid amounts.
 - Legally or contractually required to remain intact, such as the corpus or principle of a permanent fund. The interest earned on the corpus or principle of a permanent fund may or may not be Nonspendable, depending on the trust agreement.
 - Long-term amounts of loans and notes receivable, if use of the proceeds from collection is not otherwise constrained, and only if the fund balance is otherwise classified as Unassigned, or in the general fund.
 - Property acquired for resale, if use of the proceeds from sale is not otherwise constrained, and only if the fund balance is otherwise classified as Unassigned, or in the general fund.
- 2. Restricted fund balance should be reported as Restricted for amounts that can only be spent or used for specific purposes and the constraints placed on the use of resources are either:
 - Externally imposed by creditors, grantors, contributors, or laws and/or regulations of other governments.
 - Imposed by law through constitutional provisions.
 - Imposed by enabling legislation that is legally enforceable by an external party. If the enabling legislation can be changed by the same action of the government's highest level of authority that established it, the related constraint results in a Committed fund balance, not Restricted. This is discussed under Committed Fund Balance below.

Enabling legislation authorizes the government to assess, levy, charge, or otherwise mandate payment of resources from external providers and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legally enforceable means that a government can be compelled by an external party, such as citizens, public interest groups or the judiciary, to use resources created by enabling legislation only for the purposes specified by legislation.

- 3. Committed fund balance should be reported as Committed for amounts that can only be used for specific purposes when constraints placed on the use of resources are either:
 - Imposed by formal action of the government's highest level of decision-making authority.
 - Amounts that cannot be used for any other purpose unless the constraint is changed by an action similar to the action that initially constrained the fund.
 - Amounts that are contractual obligations to the extent the existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Note: the Committing action must be taken prior to year-end, but the amount may be determined in a subsequent period.

In contrast to fund balance that is Restricted by enabling legislation (previously discussed), amounts classified as Committed fund balance may be used for other purposes with the appropriate due process.

- 4. Assigned fund balance should be reported as Assigned when constraints placed on the resources are:
 - Amounts that are constrained by the government's intent to be used for a specific purpose and the intent to spend down fund balance to fund the next year's projected deficit spending if this exists (discussed further under budgetary appropriation below).
 - Neither Nonspendable, Restricted nor Committed.

Intent should be expressed by either the governing body itself or by a body (budget or finance committee for example) or official the governing body has delegated the authority to assign amounts to be used for a specific purpose. The expression of intent does not have to be made prior to year-end as with commitments.

Assigned fund balance should include fund balance in the general fund intended for a specific use that is narrower than general purpose of the government.

Unassigned fund balance classification represents spendable amounts that have not been Restricted, Committed or Assigned to a specific purpose within the general fund; thus the only fund with a positive Unassigned fund balance classification amount will be the General Fund.

Budgetary Appropriations IV.

An adopted budget appropriation law generally does not impact the fund balance classification. Budget appropriation laws authorize an agency to spend budgeted revenues of that fiscal year but do not impose constraints on existing fund balances. However, a specific appropriation of existing fund balance to eliminate a projected budgetary deficit included as a budgetary resource in the subsequent year's budget requires Assigned fund balance classification. This assigned amount cannot exceed projected excess of expected expenditures over expected revenues. Fund balances created as a result of the transfer process, included in an appropriation bill, result in an assignment of fund balance in the related fund because the appropriations bill is not substantive law and does not represent the highest level of decision making authority.

Authority

Committed fund balances will be authorized by the County Commission in a public meeting by resolution or policy. Committed fund balance may only become uncommitted by the same formal action authorized by the County Commission in a public meeting by resolution or policy.

Assigned fund balance may be assigned informally by the Finance Director based on future budget expenditures after a current fund balance review has been completed. Assigned fund balance may become unassigned by the same action.

VI. Hierarchy

Flathead County's expenditure order of resource categories for all governmental funds, when both restricted and unrestricted funds are available for an expenditure, is as follows;

- Restricted
- 2. Committed
- 3. Assigned
- Unassigned

For unrestricted funds, the order of spending will be;

- 1. Committed
- Assigned
- 3. Unassigned

No specific circumstances in which unrestricted fund balance in the General Fund can be spent exist. It is determined in the budget process which is formally adopted by the County Commission.

In accordance with Government Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, Flathead County Fund Balance Classifications Policy is hereby adopted to establish fund balance classifications and assign authority on classifications.

Flathead County Commissioners FROM: Kim Crowley, Flathead County Library Request for additional staff hours DATE: 25 April 2013

MEMO

The Library Board has approved putting money in the budget for a minimal amount of extra hours for our part-time positions. We are not asking to raise any particular person's FTE but we need the flexibility to offer some extra hours to our part-time positions for several reasons.

1. We have 4 library locations open to the public 135 hours per week.

Marion - 10 hours per week Bigfork - 29 hours per week Columbia Falls - 44 hours per week Main Library – 52 hours per week

- 2. We do not have sufficient FTE to cover sick and vacation leave.
- 3. We currently have a dedicated, loyal, and engaged staff that are excited about their work and put an excellent face on Flathead County. We have high staff morale and there are no vacancies at present and none in the foreseeable future.
- 4. Since there are no vacancies we don't have any wiggle room in our salaries line item to put toward extra hours for part-time staff, which is what we have done in the past.
- 5. We need a way to allow minimal extra hours for our Library Assistant II. and Materials Handler staff to cover those times when there are multiple people out because of sick or vacation leave.
- 6. We need a few extra hours in the budget for our Janitorial staff for special projects.

Library Assistant II

\$12.71 X 208 hours per year = \$2644. (4 hours per week) Materials Handler \$9.35 X 208 hours per year = \$1945. (4 hours per week)

Janitor

\$13.30 X 30 hours per year = \$399

Total: \$4,988

Skramovsky explained since they do have flexibility with part time employees their part time employees are able to come in and cover for vacations and sick leave up to the 40 hours.

CONSIDERATION OF LAKESHORE PERMIT EXTENSION: SANDERSON FLP 10-40B

Present: Chairman Pamela J. Holmquist, Commissioner Calvin L. Scott, Commissioner Gary D. Krueger, Planner Bailey Minnich, Clerk DeReu

Minnich reported the request is for an additional one-year extension for FLP 10-40B that is set to expire on July 13, 2013. The permit is to construct an elevated pier with an attached floating dock, re-grade a wetland and to construct a three-foot deep swale for watercraft access on Echo Lake. On May 23, 2012, the commission granted a second extension and the request is for an additional one-year extension due to the unusually high water on Echo Lake over the past two years. If granted the permit would be valid until July 13, 2014.

Commissioner Scott made a **motion** to approve Lakeshore Permit Extension/ Sanderson FLP 10-40B to July 13, 2014. Commissioner Kruger **seconded** the motion. **Aye** – Holmquist, Scott and Krueger. Motion carried unanimously.
